**A COMPLETED APPLICATION AND PLANS ARE REQUIRED FOR ALL PERMITS.
IT IS YOUR RESPONSIBILITY TO PROVIDE THIS INFORMATION.
FAILURE TO COMPLETE ALL SECTIONS OF THE APPLICATIONS WILL DELAY YOUR PERMIT
A PERMIT WILL NOT BE ISSUED UNTIL THE PLANS AND APPLICATION ARE COMPLETE.**

This is a simple cross section drawing of the type of information needed to review a plan. It does not cover every situation; but will help prevent delays in processing your application. It includes the material you will be using, not quantities, but sizes. In addition to this information a plan showing all electrical equipment (outlet, switch, & light locations), all plumbing fixtures, fittings and piping (a one line sketch showing drain & vent sizes), and a description of the heating equipment and supply piping will be required to issue a permit. Most of this information can best be shown on a floor plan. Room names are required to show compliance. I can be reached @ 724-944-7071. Please supply the requested information and return this packet to your municipality

Time will be saved by asking good questions before the application is submitted, don't hesitate to call.

Ridge beam (If required) _____

Tar paper _____ Shingles _____

Collar ties _____ Sheathing _____

Trusses _____ Rafter size _____ Spacing _____ Span _____ Insulation R38 _____

Ceiling joist size _____ Spacing _____ Span _____ Drywall thickness _____

Emergency escape & rescue openings in bedrooms and basements 24" tall, 20" wide, 821 sq in _____

Insulation R-20 or R13+R5 _____ Drywall _____ Window headers _____ Door headers _____
